

ACA WSO Webmaster Report to the 2011 ABC.

In March 2010, the www.adultchildren.org hosting account was transferred from David M's system to GoDaddy.com, and Scott R became the primary webmaster to update the web site. The ACA Meetings and Inter Group listing web functions remain with David M, hosted on his system.

Using the Site Analysis tool from GoDaddy, I've attached a print out showing the number of inquiries from countries around the world to the WSO web site in 2010. While most inquiries were from areas of the USA (not surprisingly), I find it interesting and encouraging to see inquiries from so many other countries, including inquiries from various Middle Eastern countries. The Site Analysis tool also reports the total unique inquiries to our web site of around 18,000 per month, further evidence that people are interested in the ACA Twelve Step message.

The number of active registered meetings on the web site is steadily increasing by around a dozen each month, growing from 714 in Jan 2010 to 877 in January 2011 (and currently at 955 meetings). ACA Meetings are now found all around the world. See the attachment for the number of current meetings per country.

In November 2010, the ACA Community Forum hosted by the WSO was discontinued and replaced with a WSO Information Forum. This was done after experiencing an expanding number of posts requiring moderation (and administrative actions), coupled with complaints alleging unfairness in the moderating activity. Unlike meetings, where a group conscience can be held to address problems, the only way to keep the board safe was thru active (and quick) moderating of posts by the Moderators and Administrators. After review of the problem, the Board determined it was best to use it's time and resources to the creation of new meetings rather than attempt to continue the Community Forum. The new Information Forum continues to provide information about WSO activities, but now only allows informational type posts from WSO Board and authorized Committee members.

Scott R
Webmaster

Active ACA meetings per country as of April 24, 2011

Country	Active Meetings
USA	578

Report created by Site Analytics for <http://www.acawso.com> on 04-24-11

This report indicates the country of origin of the visitors to the Web site. Site Analytics determines the location by examining the visitor's IP address. The geographical user information enables you to build site content and ad campaigns targeting particular locales.
